### **Riner Rentals: A Brief History and Company Background**

Riner Rentals, based in Harrisonburg since 1999, is a property rental and management company for students and families. Owned by Paul Riner, Riner Rentals currently boasts a staff of six full-time employees and one part-time employee. Riner Rentals was established by the company's first owner, Bill Riner, who used more than 20 years of property management experience to expand and diversify the company's rental portfolio. Initially growth came from personal ownership and rental of property, but soon expanded into management of real estate for more than 150 individual owners in the Harrisonburg and Rockingham County area. This growth has given our company a successful blueprint that it can now apply to privately owned properties of all types.

Riner Rentals strives to provide dependable, professional, and consistent management services as well as excellent customer service for both its tenants and property owners. A staff member is available twenty-four hours a day should there be an unforeseen problem that needs to be addressed. Employees include 2 Virginia Real Estate Brokers, 1 Virginia Real Estate Salesperson, and four additional employees with varying specialties. All strive to provide the kind of service that has driven our previous growth!

Variety in choice of housing is a very important part of Riner Rentals' prior and current success in the Harrisonburg area. Available properties include apartments, townhouses, duplexes, and homes in the Harrisonburg-Rockingham County area and offer variety for potential tenants in terms of size, location, and cost. For students, Riner Rentals offers both apartment-style housing and locations outside of the large apartment villages so as to accommodate those students looking for affordable, quality housing. For non-students and families, Riner Rentals offers numerous locations ranging from Broadway to Harrisonburg to Bridgewater and many size varieties including one to six bedroom apartments, townhouses, and homes. Prices for these properties also range broadly, but each is offered as a wonderful value in the Harrisonburg-Rockingham County area.

Riner Rentals has grown within Harrisonburg and believes that being a local small business means being a part of the existing community. We are very happy to be a part of the Harrisonburg-Rockingham Chamber of Commerce and the Harrisonburg/Rockingham County community.
